About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half daily consultations for each book for THREE HUNDRED and FIVE days, therefore—

$$1000 \times 3\frac{1}{2} \times 305 = 1,067,500$$

“Yes, madam,
it pays

to take **ICE** *regularly*”

HOUSEWIVES everywhere have found it doesn't pay to run out of ice before reordering—or to take ice only once in a while. A constant, plentiful supply of ice offers a two-way saving—it melts less rapidly and preserves foods longer.

ICE is cheap

ICE costs so very little, that it's no wonder it actually pays to keep your ice box well filled all the time. Food kept in a good refrigerator stays sweet and safe. It retains all its natural juices and flavors and is much more appetizing. Then too, an abundant supply of ICE always kept on hand, makes possible the numerous table uses which add so much to the enjoyment of food. Why not give us a standing order now, to keep your refrigerator well iced this summer?

the modern anthracite

The more *heat units* you get in coal,
the less ash you shovel out of the
heater.

Cleercoal is better than 95 per cent.
PURE. It actually leaves less than
a barrel of ash to the ton.

A single ton will convince you that
Cleercoal produces 20 to 30 per cent.
more heat per shovelful than any other
anthracite.

THE NEWPORT DIRECTORY

FOR THE YEAR ENDING JULY, 1934

1933

Containing

Alphabetical Section (page 161). Gives names, occupations and addresses of all men and women eighteen years old or over and all business houses. Dates of deaths during the previous year are given, and where possible, the addresses of people who have moved to other cities. The names of partners in firms are given after the name of the firm. Wives' names are given, following that of the husband. Telephone numbers are also given for places of business and householders. Much other information is contained in this department that cannot be found elsewhere.

Business Directory (page 453). All business houses, individuals in business for themselves, and professional men are listed without charge under the heading that best describes them. The more progressive houses, realizing that it pays to be easily found, pay a nominal charge for special listings in heavy type, under every heading where a buyer might look for them, cross-indexed to a descriptive space in the "reference section."

Street House and Home Owners Directory (page 385). All business houses, individuals in business, and householders, listed in numerical order upon their respective streets. The streets are arranged in alphabetical order with descriptions. A feature of great value and convenience.

A NEW FEATURE:

HOMES OWNED BY OCCUPANTS INDICATED BY SYMBOL ©

(Note: this information is as given to our canvassers, and is not guaranteed by us. It should be of value as an indication, but not taken as legal proof of title.)

Advertising Department (page 65). Where more information than is possible to give under the headings is placed on file for buyer's reference. The value of this department cannot be estimated. It is an index of the best business interests of the city, and stands for them and the city in reference libraries all over the country, as well as on the desks of progressive business men. It is accessible to everybody, and the logical place to look for specific information. This probably explains why no other form of publicity is so generally endorsed by business men, as a glance at this department will show.

Map (opposite title page). The clearest map ever made of the city, on a scale large enough to see, and small enough to be handled easily, showing the location of Points of Interest and Summer Residences with names of owners.

Miscellaneous Information (page 11). Organization of City Departments, giving officers—State officers and departments—U. S. officers and departments—Courts holding sessions in the city, with terms and officers—Population tables, etc.

Information

in the mass seems like a dull proposition, but when we have a need of some person or thing nothing interests us more than getting information about that person or thing.

This directory looks like a big book to be walked around or fallen over or put out of the way, until you need some information that it contains—then it becomes the handiest thing around the place.

Has it ever occurred to you how much information you could get from this book, if you really knew how to use it.

There is a great mass of information here, arranged in a logical way that experience has shown most easily referred to. It does take a little study to know how to make full use, however, like anything else worth while.

A little study that opens up a new way to save time or increase accuracy is an asset to anyone. It may be you will find a lot of information you did not know was here before, that you would have spent a lot of time and trouble to find in other ways, and you will have increased your efficiency just that much. In buying, in selling, in shipping, correspondence, granting credit, sending bills, collecting money—

When one speaks of Newport today, it is usually in connection with the doings of its wealthy summer residents, or activities at the great naval station which Uncle Sam has established along its waterfront. Thousands of persons, from all sections of the country, view the magnificent estates of "The 400" yearly and the immense establishment where the nation's naval officers and enlisted men are trained in the arts of war and engines of destruction are fashioned content to see the things that are and thinking little of the ancient landmarks which made of Newport a centre of industry and culture two hundred years ago.

It was in 1639, that William Coddington, man of affairs, here established, with a handful of followers, seceders from Portsmouth, a "body politick" based upon religious freedom and tolerance. The church which John Clarke, preacher and physician, founded believed by some to be the first Baptist church in America, still exists, and his grave has become almost a religious shrine. Not far away, on Touro Street, is the oldest Jewish synagogue in the country, built in 1763 and long acclaimed as an architectural masterpiece in its interior.

The location of the little settlement at the mouth of Narragansett Bay made it ideal for commerce, in which it was a close rival of both Boston and New York. Ships were built in its harbor and sailed away on trading voyages, carrying in their holds products of the little shops and factories established in the town, including those of several distilleries. For many years these activities continued while Providence was still referred to as one of the "out plantations" of the colony.

When French and British privateers began preying upon the commerce of the seas, Newport ship owners and sailors were not long in following suit. And so successful were they in their daring endeavors that they were called "pirates" by the London government. Many were the rich cargoes brought into the harbor of Newport by these freebooters of the seas and many were the fortunes soon established in this business. The notorious Captain Kidd is said to have had friends in Newport and to have visited Rhode Island.

The slave trade also occupied the attention of Newport merchants for quite a period and for several years Newport was known as a slave trading centre.

As the town increased in size and richness, it also extended its cultural advantages. Men of learning here found an atmosphere to their liking and enjoyed the hospitality offered and, until the British occupied the town for three years during the Revolution, Newport was the gathering place of savants of both the old and new world.

Newport was incorporated as a city on June 1, 1784, but the charter was repealed three years later. Nearly seventy years later, in 1853, it was again chartered.

The first spot sought by most visitors is the famous Ocean Drive, with its uninterrupted view of the forty to fifty miles of rugged coast line extending from Sakonnet Point on the east to Point Judith on the west, unequalled along the Atlantic Coast.

The Cliff Walk, starting at Newport Beach, skirts the cliffs along the ocean and ends at Spouting Rock Beach, or as it is more often called, Bailey's Beach. This beach is undoubtedly the most exclusive in America, and is the aquatic playground of Newport's summer colonists.

Few cities in America, regardless of size, have the diversified recreational facilities to offer to its guests as are to be found in Newport, often referred to as "The Capital of Vacationland". Two outstanding programs are offered the vacationist at Newport—one for the active sport lover—the other for the sport follower or fan.

Several beaches, unsurpassed, afford opportunity for safe surf bathing and ocean swimming, while in the Bay still water invites the swimmer who prefers something less strenuous than the restless Atlantic.

A popular spot sought by many visitors is Easton's Beach, but commonly known as "Newport Beach", where one may spend the day enjoying the surf bathing, delightful in temperature, with assurance of safety from erratic currents. For those who do not care for surf bathing, modern Roman pools are available.

For the lovers of outdoor sports there are the Newport Country Club, the Wanumetonomy Golf Club and Sachuest Golf Course.

Across the Harbor, on Goat Island, is the U. S. Torpedo Station where the torpedoes are made. At the north end of the city on Coasters Harbor Island is the Naval War College and the U. S. Naval Training Station.

One could travel through its quaint, narrow streets for several days, viewing objects of great interest on every hand. Among the points of interest, in addition to the foregoing, are: The Old State House, the Governor Nichols or Hunter House, Washington Street, the Vernon House, Mary and Clark Streets, Jewish Synagogue, the Jewish Cemetery, the Old Market House (home of the Chamber of Commerce), Redwood Library, Touro Park and the Old Stone Mill, Trinity Church, the Friends' Meeting House, Newport Artillery Armory, the Art Association.

The Return Circuit in Advertising

*The circuit must be completed before the bell will ring
The Buyer must find the Seller before a Sale is made*

Creative Advertising—in newspapers, magazines, billboards, etc., tends to suggest wants and to create desire.

Before a sale results the initiative must pass from Seller to Buyer.

When this happens the Buyer begins actively to seek where he can best supply his wants.

This Directory is a logical place to look (at least our subscribers tell us they use it for this purpose) and the Reference Advertising herein has assisted many sales.

Have you made it easy for Buyers to find **You?**

How the City Directory will help you

Some people regard the City Directory as merely a big book that cannot concern or be of any use to them, personally.

If they realized what it contains, and how it would answer many little questions that come up every day, they would use it in their personal as well as business affairs.

Well, now—doesn't it concern you? It has your name, business and address correctly listed, where your friends, looking for you, will find it.

It has this same information about your friends, and anyone else in the city you may be interested to look up.

It has complete information about the business houses of the city, telling who sells what, and where. It has detailed accounts of progressive houses, who realize they will logically be looked for in the "Selling Section."

It tells how all the streets run, gives numbers at corners; the clearest map of the City; Buildings, Government, Societies and a wealth of facts about the City that can only be appreciated by glancing at the Index.

You will be repaid for a little time spent in finding out how to use this book full of "Who and Where" information; repaid in convenience, in accuracy, and in time saved in your everyday affairs. **But be sure you use the latest**, as an old edition will mislead you.

Rise and Walk

HERBERT N. CASSON, *Editor, Efficiency Magazine, London, England*
Sends a Message to America

You are depressed. You think you are crippled. You are afraid of the future. You are full of fears.

You have half the gold in the world and half of the machinery and most of the automobiles and all the skyscrapers.

You have the greatest home market in the world and the largest corporations that the world has ever seen.

You are ruled more by ideas and less by tradition than any other people in the world. You have usually done what you thought you could do.

How can it be possible that a progressive nation of 120,000,000 people can be wrecked by the speculations of a little handful of fools in Wall Street?

The prices that were forced too high had to come down. Today all the prices are too low.

There is now a golden opportunity for every man who has eyes to see it.

Dollars are now being sold for 30 cents. Practically every security in the United States is now being sold at less than its value.

The way to create a fortune is to buy from pessimists. Pay your money and take the risk.

Frick started his career by buying coke ovens in the slump of 1873. Carnegie made \$300,000,000 by buying steel plants in the slumps.

Hundreds of fortunes have been made by buying from pessimists. Ye gods! What a chance there is at this moment!

In five years from now most American business men will belong to the "I Wish-I-Had-Club."

Then it will be too late to buy a dollar for thirty cents. The opportunities will be gone.

When a horse balks, the balk is in his head, not in his legs. He moves on when he thinks he will.

And when an American business man is depressed, the slump is in his head. There is nothing serious to prevent him from making money if he thinks he will.

When fear rules the will, nothing can be done, but when a man casts fear out of his mind, the world becomes his oyster.

To lose a bit of money is nothing, but to lose hope—or lose nerve and ambition—that is what makes men cripples.

This silly depression has gone on long enough. Get rid of it. It is inside of you. Rise and walk.

How To Make This Book Serve You!

The City Directory may be used to great advantage in supplementing and rounding out your newspaper publicity. Put—"We are listed in the directory" in your copy. Tie up all your advertising to the directory with the above phrase. Then see to it that you are properly represented under all the business listings applicable to your business. The phrase will stick long after the newspaper has been mislaid and people will get in the habit of looking for your name when ready to purchase goods which you carry. Thus will the interest aroused by your newspaper display be extended and preserved for your future benefit.

Goes!**

Why the City Directory first. It saves time. The ads are classified. Your customers find you instantly. It's the logical place for them to go because it's an index to the city and can be found in libraries in the principal cities of the United States and in Canada, besides in the offices of many of the important business houses throughout the world.

**Beat Them To It - By Advertising in the
CITY DIRECTORY**

Thousands upon thousands will consult it for a whole year. The price of space is so small, compared with the valuable publicity you get, that you can't afford to be left out.

MAIL ADVERTISING SERVICE

Complete from Plan to Mailbox

SUCCESSFUL selling ideas grow out of the fusion of two types of fundamental knowledge—intimate knowledge of the product, which you have; intimate knowledge of selling methods, which we have. We talk it over with you, analyse, and the idea begins to grow.

After the basic plan, comes the business of research for data, writing copy, creating typographical style, and similar mechanics of the craft. Our Copy and Service Department is organized to take care of this part of the work.

Lists, of course, are a vital factor; and we naturally have unusual facilities for compiling them because of our directory connections.

Multigraphing and mailing must be well done if the whole campaign is to be effective. Our large Mechanical Department is equipped for speed and facility of operation.

LETTERS

Sales Letters: Letters, because their real object is to appear as personal messages and not advertising, are the most difficult form of advertising to prepare, and should always be done by trained minds. Our Sales Promotion Department has a splendid record for successful letters.

Processed Letters: Our Kier Processed Letters are exactly like good individually typed letters. A new process you'll be interested in.

POWER OF ADVERTISING

The **City Directory** is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

YOU LIKE to Patronize those Concerns Who are in Business to Stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern city directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

**IF YOU ARE NOT ADVERTISING YOUR
BUSINESS IN THE DIRECTORY, MAY WE
EXPLAIN HOW AND WHY IT WILL PAY
YOU?**

SAMPSON & MURDOCK CO.

Directory Publishers since 1846

509 Westminster Street

-

Providence, R. I.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and

director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

Locating Missing Heirs Finding Lost Persons

This is only one of the many offices that the modern directory successfully fills

The Directories of the United States form a perpetual inventory of the human element of the nation as well as the business activities.

Police Departments, the country over, rely upon directory information for the location of lost persons. Lawyers and executors of estates are likewise dependent on the information that these "city catalogs" contain.

Real Estate buyers and agents have multitude occasions to refer to the pages of directories of other cities in order that they may have detailed and authentic information on parcels of land and subdivisions in which they have a personal or business interest.

Credit managers have unlimited use for the pages of the modern directory, as have collection managers and agencies.

The uses of the city directory are legion; the information is authentic and the manufacturers and companies that are represented therein are reputable and dependable.

Silver Trophy awarded each year—in National competition—by the Direct Mail Advertising Association for the best direct advertising campaign of the year, featuring Letters.

Won by SAMPSON & MURDOCK COMPANY in 1929 for campaign prepared for the Copley Plaza Hotel—won by Sampson & Murdock Company in 1930 for campaign prepared for the Workingmen's Co-operative Bank and won again—in 1932—for the third time, making it permanently ours—in work handled for The Coward Shoe.

IT'S well to know what sort of background an advertising house has before you spend your money and entrust the directing of your selling policy into its hands.

Good advertising brains, long and varied experience, mechanical equipment of the latest and most approved types, and financial responsibility—these are the things that make Sampson & Murdock Company one of the most important direct advertising firms in the East.

Directory publishers since 1846, compilers of special mailing-lists ever since mailing-lists have been used, and now—the latest stage of a progressive development—a completely staffed and splendidly equipped creative direct advertising house.

As proof of the quality of our work we invite your inspection of any advertising campaign we have produced, and call your attention to the prize award pictured at the top of this page which stamps our work as uniformly successful. As proof of the up-to-dateness of our equipment and the proficiency of our mechanical layout, we invite your inspection of our offices, our directory library, and our two plants at your own convenience. As proof of our financial responsibility, we invite your inspection of our rating in Bradstreet's or Dun's.

We will appreciate the opportunity to consult with the officers of any firm interested in the possibilities of carefully planned direct advertising as a stimulant to sales.

“Your Chamber of Commerce”

The Newport Chamber of Commerce

Stands for all that Newport is famous for—ideal climate—cooler in summer—warmer in winter—beautiful homes—more and more the place selected by home lovers and those who retire from business cares.

Sports of all sorts—famous tennis events—yachting, boating, golf, bathing, etc., etc.

The place to live to enjoy life and happiness above the average and where community spirit predominates.

The Newport Chamber of Commerce is located in the historic former City Hall, 171 years old. Occupancy made possible by the generosity of John Nicholas Brown and the City Government.
